

1st Quarter Membership Report for FSOSW:

Successful Registered Members:

We currently have 37 members registered. Of those, 27 are listed as full members, 8 are listed as board members, and 2 are listed as students. Most of the membership renewals came in January and February.

Registration Process:

New registration process this year requires new members to apply for registration then wait for a response from me, then go back in and complete registration. It appears to be working okay. Upon review there were about 3-4 members who had attempted to apply online, ran into difficulties and did not pursue renewal. I am in the process of reaching out to them.

Regions:

I am compiling lists of members from last year who have not renewed yet for this year. I will then send a request to the regional coordinators asking them to follow up with members on the list if at all possible. The largest groups on un-renewed members are from Leesburg/Orlando Regions and Tampa Regions.
