- **Current Issues and Challenges:**
 - 1) To promote I CAN COPE (ICC) program in all areas of Florida.
 - 2) To provide support to all Facilitators and especially new Facilitators.
 - 3) To maintain and increase the number of FSOSW members that are Facilitators.
 - 4) To keep the trained facilitators engaged in promoting and improving the I Can Cope program
 - 5) To continue to engage with ACS re: decisions on their new licensing agreement with FSOSW and healthcare organizations in the State of Florida to use the online modules of ICC.

- **Goals, Recommendations and Plans for Future Development:**
 - 1) Provide the ICC update and "Train the Trainer" workshop at the 2015 FSOSW Annual Conference and around the State; continue to offer CEUs to participants.
 - 2) Keep facilitators engaged through teleconferences or meetings.
 - 3) Mentor new facilitators
 - 4) Increase awareness about I Can Cope program to our members and other healthcare professionals
 - 5) Continue to monitor the developments with ACS' licensing agreements to enable branding of the I Can Cope materials and program with healthcare partners

Respectfully submitted,

Christina Austin-Valere, PhD, LCSW
